18.5" 16:9 LCD Monitor with DVI-D

The BenQ G925HD is built to perfect your visual experience with 18.5"W 16:9 LCD display and DVI-D connector! It's also energy efficient, reducing power consumption by 23.3% in comparing to previous model. Giving the premium image quality with saving your money on electricity bills!

5ms Superior Response Time Gives You Truly Dynamic Images.

5ms response time means that even highly dynamic video is rendered fluidly without ghosting or other artifacts.

40000:1 DCR (Dynamic Contrast Ratio) Offers you the Finest Details.

With a dynamic contrast ratio of 40000:1 to give you splendid image details and clarity in darkened and complex motion pictures, everything becomes more vivid! To access this brilliant function, simply go to the Q-Pilot!

Senseye+Photo Image Technology Brings You the Most Optimized Images.

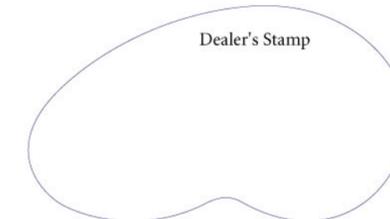

BenQ's exclusive Senseye technology gives you preset modes—Standard, Dynamic, Movie, Photo—that provide instant optimized settings for different usage scenarios. Senseye+Photo is an enhanced version that adds support for the industry-standard sRGB color space, allowing you to obtain consistent results when you view and manipulate images on a G Series monitor and on other sRGB-compliant devices.

Display Mode

This mode allows aspect ratio's other 16:9 to be displayed without geometric distortion. So, it can perfectly display a full picture with its 16:9 widescreen panel – allowing you to enjoy the best visual entertainment.
