

BenQ GL2450HT LED Monitor

GL2450HT

HDMI
HIGH DEFINITION MULTIMEDIA INTERFACE

Enjoy the revolutionary picture quality with the BenQ GL2450HT LED monitor! Build with an LED backlight panel, the stylish GL2450HT comes with an ultra-high dynamic contrast ratio of 120,000:1, 16:9 100% dot-to-dot image quality, Height Adjustment Stand and BenQ's exclusive Senseye® Technology to offer you the best viewing quality at all times.

Enjoyment Matters

BenQ GL2450HT LED Monitor

Sophisticated Harmony With Layering Design

GL2450HT is not only bringing great visual performance to your workstation and house, but also a harmony of a variety of visual elements. The breakthrough layering design comes with a clearly sculptured countenance, as well as crispy shaped oval base stand which effectively reduces impressions of bulkiness.

Height Adjustment Stand (HAS)

The HAS allows you to find the best viewing angles for personal work or screen sharing with an extensive range of monitor adjustments – height, tilt, pivot, stroke and swivel. The screen bottom can be 110mm from the base now.

Senseye® Technology

Experience the truest colors of the world with the BenQ Senseye® Human Vision Technology. With the help of its six proprietary calibration techniques, Senseye® 3 delivers only the best viewing quality in each of its six pre-set viewing modes – Standard, Movie, Game, Photo, sRGB, and ECO – with the ECO Mode especially design to save power and money.

Perfecting Your Audiovisual Enjoyment with Speakers (2W x 2)

Whether you're listening to music or watching your favorite film, simply turn on the speakers to experience the audiovisual fun.

12M:1 DCR for Depth and Definition

The GL2450HT comes with an ultra-high dynamic contrast ratio of 12M:1 to add color depth and definition to darkened and complex visuals, so that everything you see – from the brightest white to the darkest black – is perfectly rendered to deliver the most incredible picture performance.

Product Name	GL2450HT
