

# BenQ Digital Camera X835

## 8 megapixels / smc Pentax 3x optical zoom Lens

Slimmest at just 12.5mm with 2.5" large screen and Super Multi-Coating Pentax 3X zoom lens (Sliding Lens System), X835 is the most portable solution for traveling.

### Face Tracking function

X835 can detect and track human faces up to 9 faces and is able to focus the faces to ensure the people are perfectly presented in terms of color and clearness in the photos.

### Pictures don't have to be too dark

Taking photos in backlighting situations will make an image dark. With X835's z-lighting function, selected in Playback, you will be able to adjust the brightness of a subject that has been underexposed due to excessive backlighting or insufficient flash illumination.

Before Z-lighting

After Z-lighting

### High ISO mode and Super Shake-Free

Supported by a high sensitivity of up to ISO 64000 on movie mode and ISO 2000 in shooting mode, the X825 ensures that your moments are captured bright and natural in dark settings without having to use an artificial flash.

Low ISO

High ISO

### Get a clear close up image

Whenever you need to take a closer shot of a subject in distance, you can turn on the Wise Zoom function and it will give you the maximum of 30X zoom effect. So, you can easily capture, magnify distant subjects, and also gets a clear and detailed image.
