BenQ PL550
Super Narrow Bezel Display

World's Slimmest Bezel for the Most Seamless Viewing Experience

BenQ
Super Narrow Bezel Display

PL550

World's Slimmest Bezel
Ensures a Bezel-to-Bezel Gap of Just 3.5mm

Every video wall installation with the PL550 is meant to delight and captivate your viewers completely, free of visual distractions for the most seamless viewing experience.

*Actual bezel-to-bezel dimensions may exceed the listed minimum value due to different tilting methods.

HDMI Digital Daisy Chain
Connect Up to 16 Displays without Splitter

Deliver high-quality mirrored contents to different locations or build a stunning multi-display, single-image video wall by connecting your media device to the PL550 via HDMI. No splitters required.

USB Flash Drive Connectivity
Instant Plug & Play Across All Displays

Plug your USB flash drive into the first PL550 of your HDMI daisy chain-connected video wall to play multimedia contents instantly. No extra media players needed.

Video Over Ethernet (VoE)
Manage Multimedia Contents Easily & Effectively

The PL550 enables you to access, control and manage image, audio, and video contents of video wall remotely through Ethernet, saving you valuable time, manpower and money.

Multiple Display Administrator (MDA)
Remote Control with Failure Alert System

Control and manage multiple displays simultaneously through your local network or serial port. Besides offering great convenience, MDA also enables powerful functions such as scheduling system integration and email notifications of arising issues.

Color Calibration
Automated Uniformity Correction for Video Walls

This true time-saver lets you unify video wall color profile through a controller PC, instead of manual single-unit adjustment, to eliminate color irregularities effectively and efficiently.
Double Packing Design
For a Safe and Secure Delivery Every Time

Every PL550 is double-packed and rigorously tested above industry standards to avoid any damage during transport.

Specifications

Model			PL550	
Panel	Screen Diagonal		55"	
	Backlight		LED	
	Resolution		FHD 1920 x 1080 (pixels)	
	Aspect Ratio		16:9	
	Brightness		500 nits	
	Contrast Ratio		1400:1	
	Viewing Angle		178 degree (H) / 178 degree (V)	
	Color gamut (x% NTSC)		72%	
	Frame Rate		60Hz	
	Response Time		12ms	
	Panel Bit		10 bit, 1.06 B colors	
	Light Life		50,000 hrs (typ.)	
	Orientation		Portrait/Landscape	
Interface	Input/Output	Power (AC) In/Out		x1 / x1
		Audio line-in/Out (3.5mm)		x1 / No
