

BenQ Digital Camera C840

Shake Free and High ISO portrait mode

You will no longer be troubled by those blurred photo caused by unexpected hand shaking or by the dark environment. New BenQ DC C840 equips with High ISO portrait mode that

goes up to 1600 and a Shake-Free function that helps you to grasp sharp and clear images anytime, everytime.

Face-Tracking function

C840 can automatically detect and track human faces and then focus to ensure that the people are perfectly presented in both color tone and clearness.

Movie optical zoom

The optical zoom in movie mode allows you to zoom in and out for a sharp and clear view during the video recording.

P/Av/Tv/M mode

C840 is provided with Av (adjust aperture to decide the depth of field), Tv (adjust shutter to decide exposure), Manual (adjust both aperture & shutter), and Program (set aperture/shutter automatically according to the environment) modes to satisfy even the photo expertise.
