HIGH DEFINITION MULTIMEDIA INTERFACE

Enjoyment Matters

BenQ LED Monitor GL2750HM

An Advance in Layered Design

GL2750HM is not only adding visual performance to your workstation and living space, but also bringing you a harmony of visual elements. The layering design comes with clearly sculptured countenance, boldly terraced contour, as well as oval base stand which effectively reduces impressions of bulkiness. The textured front bezel also minimizes the visual discomfort the bezel glare may cause.

LED Leads the Way

LED backlighting offers significant advantages over the CCFL technology used in older LCD monitors. These advantages encompass not only performance metrics such as higher dynamic contrast, no light leakage and flicker-free, but also environmental factors, mercury-free and power saving 14.3%.

Senseye® Technology

Experience the truest colors of the world with the BenQ Senseye® Human Vision Technology. With the help of its six proprietary calibration techniques, Senseye® 3 delivers only the best viewing quality in each of its six pre-set viewing modes – Standard, Movie, Game, Photo, sRGB, and Eco – with the Eco Mode especially designed to save power and money.

12M:1 Ultra High Dynamic Contrast for Depth and Definition

The GL2750HM comes with an ultra-high dynamic contrast ratio of 12,000,000:1 to add color depth and definition to darkened and complex visuals, so that everything you see – from the brightest white to the darkest black – is perfectly rendered to deliver the most incredible picture performance.

2ms Superior Response Time Gives You Truly Dynamic Images

With a speedy 2ms response time, even highly dynamic video is rendered with smooth and fluid motion.

Perfecting Your Audiovisual Enjoyment with Speakers

Whether you're listening to music or watching your favorite film, simply turn on the speakers to experience the audiovisual fun!

HDMI Multimedia Interface

The latest HDMI high-speed multimedia interface makes these monitors incredibly convenient to use – now you can enjoy digital entertainment effortlessly even with additional multimedia equipment in the future.

Product Name	GL2750HM
Product Color	Glossy Black
LCD Size	27"W
Aspect Ratio	16:9
Resolution (max.)	1920x1080
Display Area(mm)	531.36x298.89
Pixel Pitch (mm)	0.276
Brightness (typ.)	300 cd/m ²
Contrast (typ.)	1200:1
DCR (Dynamic Contrast Ratio) (typ.)	12M:1
Viewing Angle (L/R;U/D) (CR>=10)	170/160
Response Time(Tr+Tf) typ.	5ms, 2ms GTG
Display Colors	16.7million
Input Connector	D-sub / DVI-D / HDMI
Speaker	2Wx2
Power Supply (90~264 AC)	Built-in
Power Consumption (On mode)	42W
(Power saving mode)	<0.3W
CTN Dimensions (HxWxD)(mm)	735x140x477
ensions(HxWxD mm)	654.4x488.5x191.2
Dimensions with Wall Mount (HxWxD)(mm)	654.4x397x64.5
Net Weight (kg)	5.5
Gross Weight (kg)	7.2
Senseye	Senseye 3
AMA	Yes
Vista	Premium
Win7	Yes
HDCP	Yes
Color Temperature	Reddish / Normal/ Bluish /user mode
OSD Language	17 languages
VESA Wall Mounting	100x100mm
Tilt (down/up)	-5/15
Signal Cable	VGA, audio cable
