FEATURES AND BENEFITS

- Blazing fast 16(ms) response time eliminates the annoying ghosting effects when watching DVD movies, working with Multimedia applications or editing video.
- Superior 400:1 contrast ratio, which produces true blacks and vivid colors for greater control over color output.
- 250 nits LCD panel guarantees high brightness for easy viewing in well lit offices or the sunniest home.
- Expanded functionality with the VESA wall mount capability.
- .26 pixel pitch means razor sharp images for high quality work and greater productivity.
- The built-in integrated stereo speakers provide you with crystal clear music to enhance your computer experience.

The BenQ FP767 delivers a blazing fast 16ms response time, superior contrast ratio at 400: 1 for photo realistic images with unrivaled clarity and vivid color reproduction. The FP767 provides best-of-class performance in an LCD that will not only soothe your eyes, but will inspire your thoughts. Perfect for corporate executives, multimedia pro or home office where nothing but the best will do.
